7
8 I, Shannon R. Wheatman, declare as follows:

9 1. I am the Senior Vice President of Kinsella Media, LLC (“KM”), a legal notification
10 firm in Washington, D.C. specializing in the design and implementation of notification programs
11 to reach putative class members (here including members of the *parens patriae* groups) primarily
12 in consumer, antitrust and mass tort actions and claimants in bankruptcy. My business address is
13 2120 L Street, NW, Suite 860, Washington, D.C. 20037. My telephone number is (202) 686-
14 4111.

15 2. KM was retained to design and implement the Notice Program for the Indirect
16 Purchaser litigation in *In re DRAM Antitrust Litigation*. The Notice Program as implemented was
17 designed to effectively reach members of the Indirect Purchaser Class, as well as consumers
18 covered by the Attorneys General’s *parens patriae* actions (collectively “Class Members” or the
19 “Class”).

20 3. I submit this Declaration in connection with the class action and *parens patriae* Notice
21 Program in this case. I previously submitted a Declaration (“Declaration of Shannon R.
22 Wheatman, Ph.D. on Adequacy of Notice Plan”) executed May 21, 2013, outlining my firm’s
23 credentials and describing the Notice Program designed by KM for the notice in this litigation.
24 The Court approved the Notice Program on January 17, 2014, which was implemented as
25 outlined in my previous Declaration.
26
27
28

4. This Declaration is based upon my personal knowledge and upon information provided by my staff and Rust Consulting, Inc., and if called as a witness I would testify thereto. The information is of a type reasonably relied upon in the fields of advertising, media and communications.

5. This Declaration will detail all of the activities that were undertaken in compliance with the Court's Order granting preliminary approval, provide "proofs of performance," and offer my opinion on how and why the Notice Program satisfies due process requirements.

NOTICE PROGRAM SUMMARY OF CONCLUSIONS

6. The Notice Program was designed to effectively reach members of the Indirect Purchaser Class as well as consumers who are part of the Attorneys General *parens patriae* actions, ensuring that they will be exposed to the Notice and see, review and understand it.

7. The Court-approved Notice Program, designed and implemented for this case, achieved each of the planned objectives:

a. Each element of the Notice Program approved by the Court has been implemented.

b. The Notice Program, as implemented, reached over 80% of potential Class Members through paid media.

c. The Court-approved Notices were noticeable, clear, simple, substantive and informative. No significant or required information was missing.

8. In my view, the Notice Program provided the best notice practicable under the circumstances of this case, and satisfied due process.

9. The details of the Notice Program and the basis for my opinion of its adequacy, as implemented are outlined below.

PAID MEDIA

10. As part of the Notice Program, a broad-based paid media program was implemented utilizing consumer magazines, national newspapers, trade publications, U.S. territory newspapers, cable and network television and online media.

11. The Publication Notice appeared one time in each of the following national consumer magazines: *Better Homes & Gardens*, *Macworld*, *Maxim*, *National Geographic*, *PC World* (digital), *Sports Illustrated*, *Time* and *Wired*. The Publication Notice also appeared two times in *People*.

12. The Publication Notice appeared one time in the following national newspapers: *Wall Street Journal* and *USA Today*.

13. The Publication Notice appeared one time in the following digital trade publications: *Information Week* and *PowerSource Online*.

14. The Publication Notice was supposed to appear in *My Business*, a bi-monthly publication produced exclusively for the small business owner by the National Federation of Independent Business. At the time of implementation, the National Federation no longer produced a print publication. Therefore, KM published a banner ad twice in their e-newsletter as a replacement for the print ad.

15. The Publication Notice appeared one time in each of the following U.S. territory newspapers (translated into Spanish as necessary): *Samoa News* (American Samoa), *Pacific Daily News* (Guam), *Saipan Tribune* (Northern Mariana Islands), *El Nuevo Dia* (Puerto Rico), *El Vocero* (Puerto Rico), *Primera Hora* (Puerto Rico), *St. Croix Avis* (St. Croix, U.S.V.I.), *St. John Trade Winds* (St. John, U.S.V.I.), and *Virgin Islands Daily News* (St. Thomas, U.S.V.I.).

1 16. Internet banner advertising appeared from March 5, 2014 to April 11, 2014 across the
2 following online networks selected by KM: Microsoft Media Network, Yahoo! Network, Yahoo
3 Small Business, and Xaxis Network (formerly 24/7 Real Media).

4 17. Internet banner advertising appeared from March 5, 2014 to April 11, 2014 on the
5 following gaming, computer and electronics websites selected by KM: CNET, ZDNET & Tech,
6 Republic & Download.com, CPM Star, Gamespot, GSN, InformationWeek, nfib.com, IGN and
7 Ziff Davis Technology Network.
8

9 18. Cable television was utilized to support and reinforce the print message. A 30-second
10 television spot provided an estimated 149 Gross Rating Points¹ (“GRPs”) with an estimated
11 300,548,000 gross impressions² against Adults 25 years of age and older. The television spot ran
12 from March 3, 2014 to March 23, 2014, and appeared on a variety of networks, including: ABC,
13 CBS, AMC, Bravo, CNN, Al-Jazeera America, Discovery Network, Fox News Channel, Golf
14 Channel, MSNBC and the Weather Channel. KM confirmed that the television spots ran as
15 planned. The television post-buy analysis is attached as **Exhibit 1**.

16 19. An Implementation Report for the Notice Program is attached as **Exhibit 2** to confirm
17 that the Court-approved Notice Program was implemented. The report details each print
18 publication and the date and page number upon which the Publication Notice appeared. A true
19 and correct copy of the Publication Notice, or “tearsheet,” as it appeared in print is attached as
20 **Exhibit 3**. Also included in Exhibit 3 are examples of banner ads as they appeared on several
21 websites and a copy of the television script with visuals.
22

23
24 ¹ GRPs represent the sum of all the ratings delivered by the media vehicles in a schedule. A rating is the percentage
25 of households or persons in the target who have been exposed to the media vehicles in the schedule. One GRP
26 equals 1% of a given target population.

27 ² Gross impressions are the total number of times a media vehicle containing the Notice is seen. This is a duplicated
28 figure, as some viewers/readers will see several media vehicles (*e.g.*, TV, magazine, newspaper supplement) that
contain the Notice.

EARNED MEDIA

20. On March 4, 2014, a national multimedia news release (MNR) was distributed via PR Newswire. The release was republished across 321 news websites and received 61,000 views of which 19,000 were video views. A total of 842 journalists engaged with the MNR, which contributed to earned media coverage in major national outlets including: *Reuters*, *Associated Press*, *Boston Globe*, *Chicago Tribune*, *The Today Show*, *NBC Money* and *MSN Money*. A screen shot of the MNR is attached as **Exhibit 4**.

21. On March 4, 2014, a comprehensive media outreach effort began. A media pitch team conducted outreach to 1,985 national and local reporters for print and television outlets. Two-thirds of these were traditional news contacts, and the remaining 752 were journalists at trade publications with a focus on consumer interests, technology or legal issues. KM monitored media outlets and identified over 4,800 news stories and online mentions of the DRAM Settlements generated as a result of earned and social media outreach efforts. A comprehensive report is attached as **Exhibit 5**.

22. From March 3, 2014 to March 14, 2014, state press releases about the DRAM Settlements were distributed as follows:

- a. Seventeen Attorneys General offices issued press releases.

Arizona	Mississippi
California	Nevada
Connecticut*	New Mexico
Florida	New York
Hawaii	Oregon
Idaho	Utah

Illinois	Washington
Maine	Wisconsin
Maryland	

* Connecticut did not participate in the DRAM litigation but issued a release about the Settlements.

b. Nineteen state press releases were issued by KM.

Arkansas	Oklahoma
Colorado	Pennsylvania
Iowa	Rhode Island
Louisiana	South Carolina
Massachusetts	South Dakota
Michigan	Tennessee
Minnesota	Virginia
Nebraska	West Virginia
North Carolina	Wisconsin*
North Dakota	

* Wisconsin issued a press release after the generic release was issued.

23. From March 31, 2014 to April 2, 2014, KM distributed state press releases online using Promoted Stories. Promoted Stories utilizes technology that monitors social media, blog and online websites and delivers content to targeted audiences online (*e.g.*, newsfeeds, MSNBC, Reuters and search engine results).

1 24. On March 5, 2014, KM utilized the Google Display Network to place video advertising
2 on various websites, mobile websites, blogs, RSS feeds, mobile applications and video websites.
3 KM also utilized contextual³ targeting to place the video on websites with relevant content.

4 25. On March 4, KM began a Facebook advertising campaign that included news feed
5 advertising and promoted post advertising. As of June 2, 2014, Facebook advertising generated
6 3,110,962 impressions and 59,072 clicks to the Settlement website.

7 26. On March 4, KM began a Twitter advertising campaign. As of June 2, 2014, Twitter
8 advertising generated 3,345,464 impressions and 282,937 actions (*e.g.*, clicks, shares, favorites).

9
10 **OTHER COMPONENTS**

11 27. On March 4, 2014, KM began using keyword search advertising with all major search
12 engines, including Google AdWords, Yahoo! Search Marketing and Bing Microsoft Advertising.
13 When a user searched for one of the specified search terms or phrases, sponsored links could
14 have appeared on the results page.

15 28. On March 3, 2014, the website at www.DRAMClaims.com went live. By accessing the
16 website, Class Members could obtain additional information and documents about the lawsuits
17 and Settlements, including the Detailed Notice, Court documents, Frequently Asked Questions
18 and other information. Class Members have the ability to file claims online (in English and
19 Spanish) or download the claim form (in English and Spanish).

20 29. The website address was prominently included in all Notice materials and outreach
21 activities.

22 30. As of June 2, 2014, there have been 787,798 unique visits to the website and 277,823
23 claims have been filed online with an additional 545 filed by mail.

24
25
26 ³ Contextual advertising is a form of targeted advertising in which the content of an ad is in direct correlation to the
27 content of the web page the user is viewing.

1 31. On March 3, 2014, a toll-free phone number was established allowing Class Members
2 to call and request that a Detailed Notice and/or Claim Form be mailed to them or to listen to
3 frequently asked questions. As of June 2, 2014, there have been 9,949 calls to the toll-free
4 number.

5 32. Specific details about the website and the toll-free phone number can be found in the
6 Declaration of Robin M. Niemiec of Rust Consulting, Inc., Notice Administrator.
7

8 **MEASURING EFFECTIVENESS OF NOTICE PROGRAM**

9 33. The two basic criteria used to measure media penetration of a targeted demographic and
10 ensure the adequacy of a notice program are *reach* and *frequency*. *Reach* is the estimated
11 percentage of a target audience reached one or more times by a media vehicle. *Frequency* is the
12 estimated average number of opportunities the audience member has to see the notice.

13 34. The comprehensive paid media program, which included print, Internet and television
14 as outlined above, reached an estimated 86.1% of Adults 25+, with an average estimated
15 frequency of 3.7 times. An estimated 175,506,240 Adults 25+ had an opportunity to see the
16 Notice.
17

18 **THE FORM AND CONTENT OF THE NOTICES**

19 35. Rule 23(c)(2) of the Federal Rules of Civil Procedure requires that class action notices
20 be written in “plain, easily understood language.” KM maintains a strong commitment to
21 adhering to the plain language requirement, while drawing on its experience and expertise to
22 draft notices that effectively convey the necessary information to Settlement Class Members.

23 36. The Publication Notice was designed to get the reader’s attention. No important or
24 required information was missing or omitted. In fact, this Notice concisely and clearly stated, in
25 plain easily understandable language, all required information, without omitting significant facts
26 that Class Members needed to understand their rights.
27

1 37. The Detailed Notice was available in English and Spanish at the website or by calling
2 the toll-free number. The Detailed Notice provided substantial information, including all
3 specific instructions Class Members needed to follow to properly exercise their rights, and
4 background on the issues in the case. It was designed to encourage readership and
5 understanding, in a well-organized and reader-friendly format.

6
7 **CONCLUSION**

8 38. It is my opinion that the reach of our target audience and the number of exposure
9 opportunities to the notice information is the best notice practicable under the circumstances, and
10 it is consistent with the standards employed by KM (and approved by courts in hundreds of
11 cases) with notification programs designed to reach unidentified members of settlement groups
12 or classes. The Notice Program as designed is fully compliant with Rule 23 of the Federal Rules
13 of Civil Procedure.

14 I declare under penalty of perjury and the laws of the United States and the District of
15 Columbia that the foregoing is true and correct and that this Declaration was executed on June 4,
16 2014, in Washington, D.C.

If You Bought Computers, Printers, Video Game Consoles,

**or Other Devices
with Memory**

**Get Money from
\$310 million
Settlement**

**Simple Online
Claim Form
Takes
3-5 Minutes**

**State Attorneys General
are Participating**

There are class action Settlements involving DRAM, a memory part that is sold by itself or as part of electronic devices such as computers, printers, and video game consoles.

The lawsuits claim that the Defendants fixed the price of DRAM causing individuals and businesses to pay more for DRAM and DRAM-containing devices. The Defendants deny that they did anything wrong.

Who is included in the Settlements?

Individuals and businesses that:

- Purchased DRAM or a device containing DRAM anywhere in the U.S. between 1998 and 2002,
- For their own use or for resale.

Purchases made directly from a DRAM manufacturer are not included (see the list of manufacturers at www.DRAMclaims.com or by calling 1-800-589-1425).

What do the Settlements provide?

The combined Settlements total \$310 million. The amount of money you will receive depends on the type and quantity of electronic devices you purchased and the total number of claims made.

Eligible individuals and businesses are expected to get a minimum \$10 payment and perhaps much more. Large purchasers could recover many thousands of dollars.

How can I get a payment?

Claim online or by mail by **August 1, 2014**. The simple online Claim Form only takes 3-5 minutes for most individuals.

What are my rights?

Even if you do nothing you will be bound by the Court's decisions. If you want to keep your right to sue the Defendants yourself, you must exclude yourself from the Settlement Class by **May 5, 2014**. If you stay in the Settlement Class, you may object to the Settlements by **May 5, 2014**.

The Court will hold a hearing on **June 25, 2014 at 9:00 a.m.** to consider whether to approve the Settlements and a request for attorneys' fees up to 25% of the Settlement Fund, plus reimbursement of costs and expenses. You or your own lawyer may appear and speak at the hearing at your own expense.

DRAM Settlement - 30-Second Television Spot

NARRATOR:

If you purchased a computer, video game system or other electronic device between 1998 and 2002

because your 9 year old

had to listen to, watch, or email

her favorite boy band.

Chances are you paid too much.

DRAM Settlement - 30-Second Television Spot

That's because the makers of DRAM, one small piece in those devices

are accused of fixing the price for the part.

Ending up costing you more money at the register.

Don't say bye, bye, bye to your hard earned money.

DRAM Settlement - 30-Second Television Spot

Join the millions nationwide entitled to a refund.

It only takes 5 minutes to file a claim.

Just go to DRAMclaims.com

It's your money, sign up and get it back.

EXHIBIT 4

DRAM \$310 MILLION SETTLEMENT[FILE A CLAIM](#)[SETTLEMENT DETAILS](#)[UPDATE ADDRESS](#)[FAQ](#)[CONTACT](#)**PURCHASERS OF COMPUTERS, VIDEO GAME SYSTEMS AND OTHER DIGITAL DEVICES TO SHARE IN \$310 MILLION SETTLEMENT**

DRAM: \$310 Million Settlement

**WHY DOES THIS ANNOUNCEMENT MATTER?**

- A \$310 million nationwide settlement was obtained in class action and attorney general lawsuits alleging price fixing of DRAM between 1998 and 2002.
- Because DRAM is essential to the operation of computers and many other electronic devices, millions of consumers and businesses across the country are potential claimants.
- All eligible purchasers who file claims will receive a minimum of \$10. Many purchasers will receive much more.
- It is very easy to file a claim. Claims can be filed online in only 5 minutes at www.DRAMclaims.com.

PRESS RELEASE

WASHINGTON, D.C. -- MARCH 4, 2014 -- Settlements totaling \$310 million have been reached with 12 manufacturers of Dynamic Random Access Memory (DRAM) over accusations of price fixing. Class counsel and certain state Attorneys General alleged that the price fixing caused millions of consumers and businesses from around the country to pay too much for DRAM and products containing DRAM, such as computers, printers, and game systems.

Eligible consumers and businesses that submit claims will receive a minimum \$10 payment, and perhaps \$1,000s depending on the amount of their DRAM purchases and the number of claims received. The quick and easy online claims process takes only five minutes to complete.

DRAM is a high density, low cost per bit, memory component that stores digital information and provides high-speed retrieval of data. DRAM is sold separately or pre-installed in electronic devices such as computers (laptops, desktops, and servers), graphics cards, video game consoles, MP3 players, printers, PDAs, DVD players, Digital Video Recorders, and others.

DRAM purchasers could get money from the

3/6/14 16:06	Forum Replies	Re: DRAM owners can claim a minimum refund of \$10 in epic \$310 million settlement	The primary point of class action lawsuits is to punish bad behavior by the bad guy (corporations usually). It is not to compensate the victims. If your goal is compensation, you may end up better by not joining the class, and pursuing your own claim. It's a tradeoff. But society benefits by class action...

4/30/14 17:08	Forum Replies	Re: Older game console owners eligible to receive \$10 in DRAM class action lawsuit	Have very little proof of purchase of any of these, but I absolutely honestly bought two computers, a video card, a Gamecube and a DVD player in that time period. (At least, that's all I can definitely remember.) So we'll see.
4/30/14 17:20	Forum Replies	Re: Older game console owners eligible to receive \$10 in DRAM class action lawsuit	Nice. I wonder how much a PC gets. I just recently bought a Dell a couple years ago, few DVD players and an MP3 player.
4/30/14 17:27	Forum Replies	Re: Older game console owners eligible to receive \$10 in DRAM class action lawsuit	If they do require proof of purchase later on, they're probably going to have to pay out like \$50. Receipts aren't made to hold up for a decade.
4/30/14 17:30	Forum Replies	Re: Older game console owners eligible to receive \$10 in DRAM class action lawsuit	I've filed a claim for 20 items over the period, and I'm in the UK, it accepted my claim just fine.
4/30/14 17:34	Forum Replies	Re: Older game console owners eligible to receive \$10 in DRAM class action lawsuit	I have at least one of each. Multiples of a few of them. Lets see what i'm eligible for...
4/30/14 17:36	Forum Replies	Re: Older game console owners eligible to receive \$10 in DRAM class action lawsuit	I'm guessing its just \$10 per item, no matter the item? Still that is \$60 for me. I'm not going to hold my breath they will give that, but might as well try. I can only
4/30/14 17:37	Forum Replies	Re: Older game console owners eligible to receive \$10 in DRAM class action lawsuit	I owned them all, can I get \$10 for each.
4/30/14 17:40	Forum Replies	Re: Older game console owners eligible to receive \$10 in DRAM class action lawsuit	We had 3 PS2's, 3 Gamecubes, a Ps one and 64. Do they need receipts?
4/30/14 17:53	Forum Replies	Re: Older game console owners eligible to receive \$10 in DRAM class action lawsuit	I would do this if I was in America.
4/30/14 18:08	Forum Replies	Re: Older game console owners eligible to receive \$10 in DRAM class action lawsuit	In for 16 and I probably could have claimed more if I wanted to be exact. I can only provide visual proof of only about 4-5 of what I claimed though. Oh
4/30/14 18:16	Forum Replies	Re: Older game console owners eligible to receive \$10 in DRAM class action lawsuit	Do we know this isn't a scam? I'd like some kind of proof
